

1) To answer the following question, you will need to refer to the *Plans and Specifications for the Coomera Waters Residence*.

For the Coomera Waters Residence, produce a list of materials for the following items/aspects of construction:

- The concrete for Edge Beam 1
- The internal timber framing
- The brickwork

Concrete for Edge Beam 1: list the materials immediately under this heading

Internal Timber Framing: list the materials immediately under this heading

Brickwork: list the materials immediately under this heading

5) Using the *60 Day Call Forward Sheet* as a guide, produce a Call Forward Sheet of your own, specifically for the *Coomera Waters Residence*.

Within your Call Forward Sheet, allocate and schedule tasks and human resource requirements.

You may prepare your Call Forward Sheet in Excel, Word or another program of your choice.

Upload your Call Forward Sheet in the space below.

6) In the space provide below, list the types of contract arrangements that would be used for all stakeholders for the project of building the *Coomera Waters Residence*.

*Hint: List each stakeholder and the relevant contract alongside each.*
